Amenities of the SunnyMoon complex

Here, nature and modernity, development and tranquility, activity and relaxation harmoniously come together.

Restaurant & Bar

A restaurant featuring contemporary cuisine that combines elements of different culinary traditions.

Rooftop art-style

The perfect spot to enjoy beautiful sunsets, socialize and dream.

SPA complex

A space of beauty, health and relaxation. A place to replenish the balance of strength and energy.

Gym

A spacious workout space where everyone can find the right equipment for them.

Children's room

Children's room, equipped for children of different age groups.

Play Zone

Game zone for adults Tennis, billiards, Playstation and other interactive games that allow you to connect with the energy of childhood and be filled with a state of happiness and joy.

Cinema

A movie theater with comfortable chairs and movies of different genres for every taste. Powerful projectors, with high-quality sound image.

VRaSpace

We know that adults love to play too, so we've designed a space where you can rekindle childhood joy and feel inspired.

Coworking

Space for effective work and study

Sauna, hammam

Created with natural materials to relax, revitalize, relieve stress and improve well-being.

Salt rooms

Salt ions in the air aim to improve breathing, reduce stress, maintain healthy skin and boost the immune system.

Music Studio

A fully equipped music room with instruments and a professional recording studio, plus a dedicated space for recording podcasts.

Ayurvedic Center

A sanctuary for renewal, rejuvenation, and restoration, built on the principles of balance and harmony between humanity and nature.

Library

A place where you can enjoy silence and reading your favorite books

Sea water pools

With the use of stylish coatings, minimalist decor and beautiful lighting.

THIRD
EDITION

Art lobby

A spacious art lobby, decorated with carefully selected art objects and temporary exhibitions, creates an atmosphere of sophistication, making your asset more attractive to discerning buyers and tenants.

Healthy water

The innovative water filtration system will provide crystal clear drinking water, a truly unique and exotic offering in South-East Asia. Water is pumped directly from a spring located on the premises of the complex, filtered thoroughly and delivered to each and every apartment.

Pool with sea water

A private rooftop pool with sea water, accessible only to residents, featuring stylish surfaces, minimalist decor and beautiful lighting.

Solar panels

Installing solar panels reduces energy costs and promotes sustainability, attracting environmentally conscious tenants and increasing the value of your asset – this is a trend among European audiences

Electric car charging stations

Electric car charging station area providing convenience and eco-friendliness for electric vehicle owners. With care for the comfort and future of the planet.
