## ENVIRONMENTAL ENGINEERING

"THAILAND'S PIONEER IN INTEGRATED ENVIRONMENTAL ENGINEERING  
DELIVERING CONSTRUCTION AND MAINTENANCE EXCELLENCE SINCE 1982."

# COMPANY BACKGROUND

## HYDROTEK

Established in 1982, Hydrotek Public Company Limited is a pioneer in Thailand's environmental engineering sector. With over four decades of proven expertise, Hydrotek specializes in the design, construction, installation, and maintenance of infrastructure systems related to water treatment, wastewater management, waste-to-energy, and environmental sustainability.

From its early beginnings as a local engineering firm, Hydrotek has grown into a publicly listed company known for delivering turnkey engineering solutions with international standards. The company is committed to innovation, reliability, and sustainability, serving both public and private sector clients across Thailand and ASEAN.

With a strong reputation for integrity, quality, and on-time delivery, Hydrotek continues to shape the future of infrastructure development through cutting-edge technology and responsible engineering practices.
