**WARNING**

1. In the case where the permit holder has not yet commenced construction and has not yet submitted the name of the supervisor prior to starting the construction, the name of the supervisor must be submitted to the local authority on form Nor.3.
2. If the permit holder wishes to terminate the supervisor named in the permit, or if the supervisor wishes to terminate their role, a written notice must be submitted to the local authority. This termination does not affect the civil rights and duties between the permit holder and the supervisor. In such cases, the permit holder must halt the authorized construction until a new supervisor is appointed and a letter of consent from the new supervisor is submitted to the local authority.
3. The permit holder must ensure that the designated area or structure for parking, vehicle turnaround, and vehicle access, as specified in this permit, is clearly displayed according to the site plan. Any alteration or different use of the parking, vehicle turnaround, or vehicle access areas requires a permit from the local authority.
4. The permit holder of a building subject to controlled usage must obtain a certificate from the local authority under Section 32, paragraph four, before the building can be used after the authorized construction, alteration, or relocation is completed.
5. This permit is valid for the period specified. If the permit holder wishes to extend the permit, they must submit a renewal request before the permit expires.
