

VILLA D'ARCHITECTE

Company Profile

Introduction

Our Mission.

New Development Vision

Unlike anything that has come before it in Phuket, **a new development vision in Phuket, where space to breathe and low-density living is at the heart of our philosophy!** Our mission is to deliver exceptional projects that blend functionality, aesthetics and sustainability, while exceeding our clients' expectations.

We Start From Innovation.

To Functionality and sustainability

OUR EXPERTISE

Villa d'Architecte leverages our extensive experience in space design to enhance the development process. This enables us to craft **innovative and functional villas** that cater to the needs of both residents and investors.

With our expertise, our architects assume greater control over the projects we undertake, overseeing the entire **process from design to development and construction**. This comprehensive approach contributes to more successful and satisfying outcomes.

We adopt a holistic design approach by considering the entire development process, resulting in villa projects that are not only aesthetically pleasing but also **functional and sustainable**.

“
*Creativity means attempting to create the physical
framework that allows us to live the way we want to live*”

FOUNDER

Kaled Kamala.

French Registered Architect

20 years' experience, on diverse projects globally, including airports, hospitals, malls, resorts, luxury villas, and the world's largest exhibition center in Shenzhen, China.

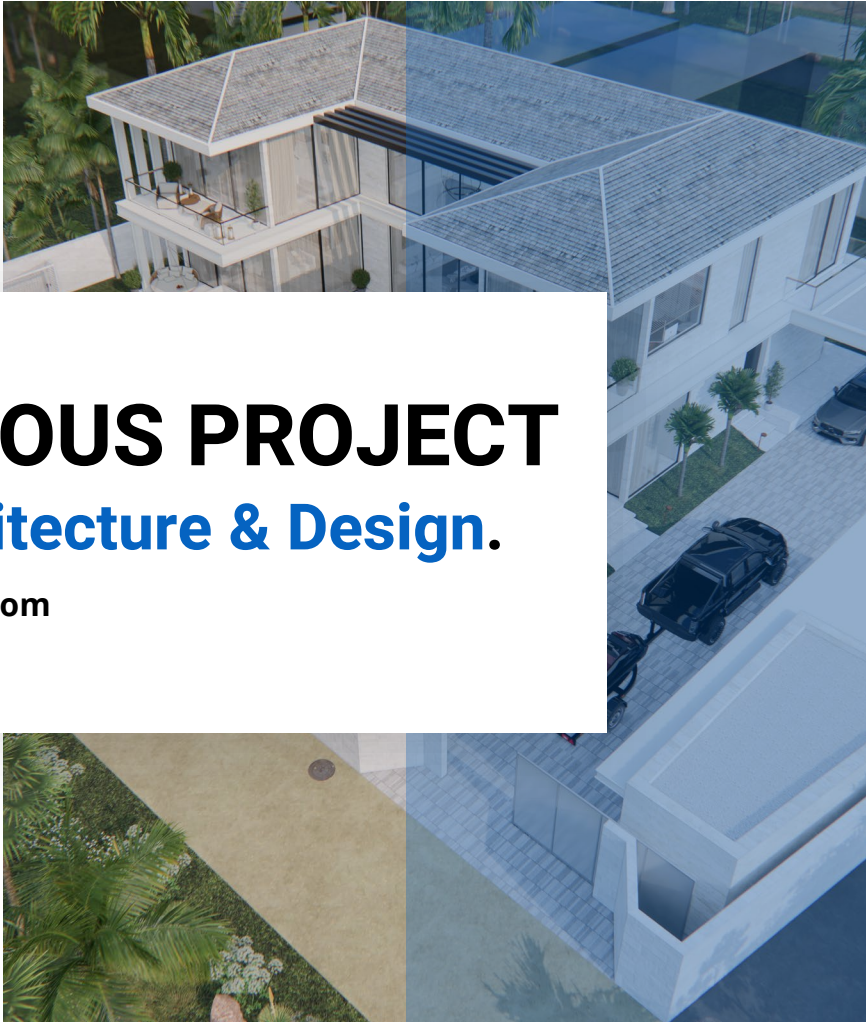

Villa d'Architecte is the brainchild of **KZ Architecture & Design Co, Ltd.**, which was founded in 2020 by our French Architect, Kaled Kamala. KZ-Archi has successfully completed numerous personalized luxury villas in Phuket. The increasing number of clients approaching KZ-Archi for their future homes led to the birth of **Villa d'Architecte**.
